4. Be consistent with state and federal law, school district policy, established curriculum and negotiated agreements.
5. Clearly identify actions to be taken on how changes will be implemented.
6. Include a plan on how to solicit community support for the changes being developed.
7. Indicate anticipated costs and available funding sources.
8. Delineate the method of evaluating and reporting progress and results.

The school improvement plan will be reviewed for approval by the Superintendent, after the presentation to the School Committee. If the school improvement plan is not approved by the Superintendent, it shall be returned to the principal with specific comments as to the reason(s). The principal shall revise the plan in cooperation with the school council, and resubmit it for approval.
