

DEVELOPMENT OF PROCEDURES

The Superintendent will be responsible for specifying required actions and designing the detailed arrangements under which the Granby Public Schools will be operated in accordance with School Committee policy. These detailed arrangements will be designed to implement policies, goals, and objectives of the School Committee and will be one of the means by which the Granby Public Schools will be governed.

In the development of procedures the Superintendent may involve at the planning stage those who would be affected by the procedure, including staff members, students, parents, and the public. He/she must weigh with care the counsel given by representatives of staff, student and community organizations.

As long as the Superintendent operates within the guidelines of policy adopted by the School Committee, he/she may issue procedures without prior School Committee approval unless School Committee action is required by law, or the Committee has specifically asked that certain types of procedures be given Committee approval, or the Superintendent recommends School Committee approval in light of strong community attitudes or probable staff concerns.
