

RELATIONS WITH PARENTS

To foster relationships with parents that encourage the home and school to work together to establish and achieve common educational goals for students, the Superintendent and the professional staff will:

1. Consult with and encourage parents to share in school planning and goal setting.
2. Help parents to understand the educational process and their role in promoting it.
3. Provide parents an opportunity to develop an understanding of school operations.
4. Provide opportunities for parents to be informed of their child's development and the criteria for its measurement.
