

## **SCHOOL/COMMUNITY RELATIONS GOALS**

The School Committee believes that the Granby Public Schools is an integral part of the community and that community support is necessary for the school's operation and achievement of excellence. The School Committee and staff members recognize that community support is based on a dynamic process in which the Granby Public Schools contribute to the community's success, and benefits from the community's resources.

In order to maintain productive relationships with the community, the Granby Public Schools is committed to sustaining:

**Effective, accurate and meaningful communications that facilitate dialogue, encourage involvement in Granby Public School programs, and create community advocacy for our schools.**

**Volunteer programs that provide mutually enriching experiences for our students, staff, and community volunteers.**

**Recognition programs that publicly honor the contributions of our students, employees, and community partners and express pride in our individual and collective accomplishments.**

**Community service efforts which enable the Granby Public School's staff and students to express their commitment to the community.**

Adopted October 4, 2004
