

STUDENT TRANSPORTATION SERVICES

The transportation of a large segment of the public school students of this community represents a major function in the operation of the Granby Public Schools. For the purpose of outlining policies and procedures, the following recommendations are herein submitted as objectives for parents, students, bus drivers, and school department personnel.

The basic criteria involved in the establishment and performance of these guidelines is needed to guarantee the health and safety of all bus students at all times.

The specific objectives of the transportation program are as follows:

- To supply buses or other means of transportation to all students requiring same due to health, safety, or distance factors.
- To maintain bus conditions that are conducive to the best interests of the physical well-being of the students.
- To operate the buses efficiently and economically.
- To adjust transportation to meet the needs of special instructional programs.
- To promote an understanding of the transportation program within the entire community.
