Program Areas

Automotive

Work on live cars! Perform basic repair services and even work on an internal combustion engine.

Culinary Arts

Try the fine art of food preparation. Learn to make home-styles meals and breads. Everything made will be taken home for the entire family to enjoy.

Auto body

Students will repair dents, weld, and use a plasma cutter! We will also air brush custom license plates.

Environmental Explorers

Let us get busy and explore our environment! Take a field trip everyday: Ecotarium in Worcester, CT Science Center, Titanic Museum, and more! Destinations can change at any time due to weather and closings.

Bake Shop

Students will work in a bakeshop making desserts and pastries. Hope you're hungry!

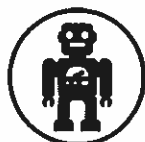

Intro to Photography

Students will learn the history of photography, parts of a camera, how to take photos. A scrapbook will be made.

Carpentry

Investigate the wonderful world of woodworking. Produce an interesting project using the latest technology and equipment and take it home!

Robotics/Electronics

Students will wire, solder, and build electronic devices like alarms and LED flashers! They will then use their new skills to build robots with EZ-bits!

Cosmetology

Students will be introduced to techniques for personal care of hair, skin, and nails as well as the proper use of blow dryers, curling irons, rollers, and other tools.

CAD Design

Students will learn to measure a LEGO® using SolidWorks and create a 3D models. They will assemble LEGO® type blocks in the SolidWorks assembly environment and print their very own LEGO® type block.

Creative Arts

Work with various art materials such as acrylic / water paints, clay, pastels, and scratchboards! Let's share the week together exploring the artist's gift within each and every one of you!
